

Cowinns power spray water control valve

Diameter 3/4"~6"

Pressure 150LB~4500LB

Body structure: Straight-through way type, angle type

Temperature range: 150°C~450°C

Flow characteristics Equal percentage

Actuator: electrical or pneumatic actuator

Leakage: meet ANSI B16.104 V leakage (VI level seal is available)

Body: A105 Seat gasket: Flexible graphite with 316SS wire

Seat: 1Cr13+stellite

Disc assembly: 17-4PH

Flange gasket: Flexible graphite with 316 SS wire

Bonnet: 25

Stem: 1Cr13+Stellite
