

ProductDescription:

ASME B16.34 design standards

DoorDimensions: 1/2 " ~ 20 "

Pressurerange: 150LB ~ 600LB

Flowfeatures:

Soonopening

Linear

equalpercentage

Structure

singleseat

Sleeve

Availablebody material: WCB, WC6, WC9, CF8, etc.

Application: Electricpower, oil, petrochemical, water and steam flow regulation.extraction system, HP heater & LP, deaerator, condenser, chemical water
