

Technical specifications:

Port size:3/4"~6"

Pressure range: ANSI 150Lb~4500Lb

Body structure: straight-through way type ,angle type

Operation temperature: -29°C~450°C

Design & manufacturer standard: ASME B16.34 JB/T 3595

Inspection and test standard :JB/T 3595,MSS SP61

End type: butt weld (ASME B16.25)

flange(ASME B16.5)
