

Product description:

Design features

Valve design in accordance with API 608

Face to face dimension: ASME B16.10

Connection end dimension: ASME B16.5

Inspection and test standard: API 598

Fire safe test: API 607

Marking: MSP-SP 25

Surface quality: MSP-SP 55

Design pressure: 600LB

The sizes of serial valve connecting Flange and butt-welding terminal can be designed according to customer's requirements

Main parts material list

Body/ball/bonnet/stem: A182 F51

Seat ring: R-PTFE
