

Product description:

API 602 design standard

API 598 test and inspection standard

RF end , Rising Stem, OS&Y

Forged gate valve body: A182 F55 gate valve

Disc: A182 F55

Seat : Integral

Cowinns forged gate valve can be designed with high pressure high temperature. And we have advantage on special alloy valves.

A182 F55 material has good performance on corrosion resistance ,
