

Valve specification Valve type Parallel slide gate valve,customize gate valve

Operating pressure 251 kg/cm²

Operating temperature +106 C

- Design standard: ASME B16.34
- Pressure rating: PN 320
- Connection: flanged
- Bonnet connection: studded
- Trim material: Titanium (GR2-3)
- Stud material: A193 Gr B7 Body/bonnet/seat/disc/stem/gasket: Titanium Gr.2

3 nozzles: Titanium Gr. 2

Flange 320K

Lens Ring DN 125

Fluid urea solution Specific gravity 1,15 Flow rate 70-80 t/h Actuator type Power cylinder
