

Product description:

Cowinns Bellow sealed valves

ASME B 16.34

Size:1/2"-12"(15-300mm)

Classes:150-2500LB

Materials: Carbon, stainless, alloy, nickel alloy steel

Features:

1.Forged made for 1/2" to 1-1/2"

2.Casted made for 2" and above

3.Multi-ply bellows for long service life: The key part mental bellow is sealed in the extended space. Consequently the pressure and temperature of medium will not influence the bellow and it will have a longer service life.

4.Secondary packing stem sealing

5.Zero stem leakage

6.Minimum maintenance cost

7.Cowinns can offer one kind seal element of titanium which is a reliable material for high temperature and corrosion will form a triple seal. It provides a more reliable performance.

8.Available for hazardous, expensive or vacuum mediums services such as Hot oil system, steam system, hot and cold water system etc.
