

Product description:

Design and manufacturer standard: API 608

Face to face : As per manufacturer

Connection dimension: ASME B1.20.1

Test and inspection: API598

Main material list:

Body and bonnet: ASTM A182-F304

Seat ring: ASTM A 182-F304+WC

Seat : ASTM A182-F304+WC

Stem: INCONEL X-750

HVOF for Tungsten Carbide metal seat ball valve has good anti-corrosion feature and abrasion resistance.

This seal surface coating application for high temperature and grainy mediums.
